ADOPTION OF THE AGENDA AND OTHER ORGANIZATIONAL MATTERS

Accreditation of non-governmental organizations

Note by the Secretariat

1. In its resolution 47/180 of 22 December 1992 on the United Nations Conference on Human Settlements (Habitat II), the General Assembly invited non-governmental organizations, particularly those from developing countries and including those related to major groups, to participate in and contribute to the Conference and its preparatory process, and, to that end, decided that the Preparatory Committee should formulate and adopt modalities for the accreditation and participation of those organizations, taking into account the procedures followed at the United Nations Conference on Environment and Development.

2. Pursuant to General Assembly resolution 47/180, the Preparatory Committee at its organizational session adopted rules of procedure for the participation of non-governmental organizations (see A/48/37, sect. III). These rules, which are analogous to the respective rules established for the United Nations Conference on Environment and Development, were adhered to by the secretariat of the Conference in evaluating the applications for accreditation by non-governmental organizations.

3. In accordance with these rules the Preparatory Committee at its first, second and third sessions considered the recommendations presented by the secretariat for the accreditation of the non-governmental organizations and granted accreditation to a total of 799 non-governmental organizations. It referred the case of one non-governmental organization (Federation of Westthrace Turks in Europe) to the Conference for consideration. (See A/CONF.165/PC.3/7, annex I, decision 3/1 D.)

---

* A/CONF.165/1; to be issued.

4. The present note provides the Conference with relevant information on those additional non-governmental organizations not in consultative status with the Economic and Social Council which have requested accreditation to the Conference.

5. Each of the organizations listed below has been evaluated by the Conference secretariat in accordance with the rules of procedure and has been found relevant to the work of the Conference.
